Only products delivering the highest level of energy efficiency can earn the ENERGY STAR. Look for them at participating retailers. Call **1-877-ESTAR 4 U** (378-2748) or visit **MassSave.com** for a complete list of participating retailers.

Congratulations on your decision to buy an ENERGY STAR Qualified Monitor and/or Desktop Computer. It's good for you, your family, and the environment. **Thank you!**

Savings and energy efficiency experiences may vary. Valid for purchases made from January 1, 2011 – December 31, 2011. All rebate requests must be postmarked no later than January 31, 2012. Limit: Two monitor and two desktop computer rebates per Massachusetts residential electric account per calendar year. Eligible monitor and/or desktop computer must be installed in Massachusetts. For more information, call: 1-877-ESTAR 4 U (378-2748). This rebate offer is available to all Massachusetts electric residential customers of participating utilities and energy efficiency service providers and may be subject to change without prior notice. This rebate may not be combined with any other utility or energy efficiency service provider offer. Limitation of liability: Participating utility or energy efficiency service provider does not guarantee the performance of installed equipment expressly or implicitly. Customer agrees that the Energy Efficiency Program Provider (EPPP) has the unilateral right to apply for any ISO-NE capacity payments or environmental credits resulting from this energy efficiency project, and agrees not to file for such payments or credits either directly or indirectly. Manufacturer and/or retailer agree to provide the EPPP with such further documentation as the EPPP may request to confirm the EPPP's ownership of such benefits.

# Mail-in Rebate

**\$20**   
On ENERGY STAR®  
Qualified Monitors

**\$10**   
On ENERGY STAR®  
Qualified Desktop Computers

This rebate is for the benefit of Massachusetts electric customers of:

# Get cash back from us.

With a new ENERGY STAR Qualified Monitor or Desktop Computer, you can start saving right away. For a limited time, receive a mail-in rebate of \$20 on an ENERGY STAR Qualified Monitor and \$10 on an ENERGY STAR Qualified Desktop Computer. Some restrictions may apply. Just ask your local participating retailer for details.

Current ENERGY STAR requirements for computers call for higher levels of efficiency than ever before, and computers meeting this new specification use between 20% to 50% less energy than standard models, depending on how they are used. ENERGY STAR Qualified Monitors are equally efficient, using between 25% to 60% less electricity than standard models, depending on the size of the screen and the hours of operation.

Since most computers are on many hours a day, it's important to utilize the power management settings to save even more energy. Using the ENERGY STAR recommended setting places computers into a low-power "sleep mode" after a designated period of inactivity. Simply hitting a key on the keyboard or moving the mouse awakens the computer in a matter of seconds. Enabling the power management features on your computer can also save energy by automatically turning off your monitor when it's not in use. Additionally, powering down your computer at night not only saves energy, but also helps equipment run cooler and last longer.

## ENERGY STAR® Mail-in Rebates.

Through your participating utility or energy efficiency service provider, get \$20 back on an ENERGY STAR Qualified Monitor purchase and/or \$10 back on an ENERGY STAR Qualified Desktop Computer purchase. Rebates good for purchases made from January 1, 2011 through December 31, 2011.
