Congratulations on your decision to buy an ENERGY STAR Qualified Room Air Cleaner. It's good for you, your family, and the environment.

Thank you!

Savings and energy efficiency experiences may vary. Valid for purchases made from January 1, 2011 - December 31, 2011. All rebate requests must be postmarked no later than January 31, 2012. Limit: One room air cleaner rebate per Massachusetts residential electric account per calendar year. Eligible room air cleaner must be installed in Massachusetts. For more information, call: 1-877-ESTAR 4 U (378-2748). This rebate offer is available to all Massachusetts electric residential customers of participating utilities and energy efficiency service providers and may be subject to change without prior notice. This rebate may not be combined with any other utility or energy efficiency service provider offer. The participating utility or energy efficiency service provider reserves the right to conduct field inspections to verify installations. Limitation of liability: Participating utility or energy efficiency service provider does not guarantee the performance of installed equipment expressly or implicitly. Customer agrees that the Energy Efficiency Program Provider (EPPP) has the unilateral right to apply for any ISO-NE capacity payments or environmental credits resulting from this energy efficiency project, and agrees not to file for such payments or credits either directly or indirectly. Manufacturer and/or retailer agree to provide the EPPP with such further documentation as the EPPP may request to confirm the EPPP's ownership of such benefits.

With a new ENERGY STAR Qualified Room Air Cleaner or Air Purifier, you can start saving right away. For a limited time, receive a mail-in rebate of \$20! Some restrictions may apply. Just ask your local participating retailer for details.

A typical room air cleaner, operating continuously, uses approximately 60% more electricity than the power used by a new refrigerator!

When purchasing a room air cleaner, look for an ENERGY STAR qualified model. ENERGY STAR Qualified Room Air Cleaners can save hundreds of dollars over the course of their life cycle, depending on the model's Clean Air Delivery Rate (CADR), which is a measure of the amount of contaminant-free air delivered by the room air cleaner. The higher the number, the faster the unit filters the air.

ENERGY STAR Qualified Room Air Cleaners are 40% more energy-efficient than standard models, saving consumers \$45 annually. These savings could add up to more than \$250 over the life of the air cleaner! For a list of ENERGY STAR Qualified Room Air Cleaners, visit energystar.gov.
