# Let NSTAR Electric help you save money, energy, and the environment.

After you've purchased and installed your high-efficiency indirect and on demand water heater, complete and return this rebate form along with a copy of the dated invoice regarding the purchase and installation of the equipment to: NSTAR Electric High-Efficiency Indirect and On-Demand Water Heater Rebate Program; c/o Conservation Services Group; 40 Washington Street, Suite 3000; Westborough, MA 01581. For more information regarding this program call 1-800-649-7667.

## Eligibility

- You must be a residential NSTAR Electric customer
- Indirect Water Heater: The new indirect water heater must be attached to an oil- or propane-fired heating system and must be replacing a tankless or freestanding water heater
- On-Demand Water Heater: The new on-demand propane-fired water heater must be .82 EF (Energy Factor) or greater with electronic ignition
- In order to qualify for the rebate, you must be eligible to participate in the Mass Save® Home Energy Services program
- Eligible equipment must be installed in a 1-4 family home
- All installations of high-efficiency indirect water and on-demand water heating systems must be installed by a licensed contractor and/or plumber. All installations must conform to applicable codes and be installed in accordance with all rebate program guidelines
- Rebate is valid for purchases and installations made between January 1, 2011 and June 30, 2011
- Applications must be received within thirty (30) days of installation
- Applications must include a dated receipt/invoice/work order noting completion of installation. A copy of the manufacturer's specification sheet for installed on-demand water heater must also be included. Only original applications will be accepted
- All proof of purchase receipts, work orders or other documentation must include the contractor name/address/phone number, installation cost, and an itemized description of the equipment, including manufacturer, and model number as applicable
- Rebate does not apply to new home construction or additions
- All installations are subject to verification that the equipment has been installed and is operational
- Please read all Terms and Conditions on the reverse of the rebate application
- Program subject to change without notice
- Additional restrictions may apply. For more information, call 1-800-649-7667

## TERMS AND CONDITIONS

**Rebates:** Subject to these Terms and Conditions, NSTAR Electric (the "Company"), through its contractual Vendor, Conservation Services Group (the "Vendor"), will pay rebates to eligible NSTAR Electric customers for the installation in NSTAR Electric's service territory of high-efficiency indirect water heaters.

**Customer Eligibility:** You must be a residential NSTAR Electric customer. The new indirect water heater must be attached to an oil- or propane-fired heating system and must be replacing a tankless or freestanding water heater. The new on-demand propane-fired water heater must be .82 EF (Energy Factor) or greater with electronic ignition. Equipment installed between January 1, 2011 and June 30, 2011 is eligible. Equipment must have been installed at the installation address on the front of the application. You must be eligible to participate in the Mass Save Home Energy Services program. The Vendor must receive application and required documents listed within 30 days of installation.

**Post-Installation Work Verification:** Prior to offering any rebate, the Company reserves the right to conduct an on-site verification that the equipment was installed according to the guidelines of the program and is operating properly. It does not include any kind of safety review and should not be relied upon as one. If the Company determines that the system installed does not meet the program specifications as described in the application, the Company reserves the right to refuse to pay the rebate.

**Rebate Application:** The Customer is responsible for completing all required Customer and Contractor information on the Rebate Application (the "Application"). Rebate applications will not be processed if they are not properly filled out and accompanied by your dated sales receipt/invoice/work order noting completion of the installation.

**Rebate Amounts:** If the Customer is in full compliance with the Terms and Conditions of this agreement, the Company will provide a rebate in the amount of \$300.

**No Warranties:** The Company and the Vendor do not endorse, guarantee or warrant any particular contractor, manufacturer or product. The Company and the Vendor do not make any representation of any kind regarding the results to be achieved by the installed system or the adequacy of such system.

**Changes in the Rebate Program:** The program and these Terms and Conditions may be changed by the Company and the Vendor at any time without notice.

**Liability & Release:** As part of the consideration for participating in the program, the participant hereby releases and shall indemnify, hold harmless and defend NSTAR Electric, its member utilities, and the Vendor from any and all claims, losses, harm costs, liabilities, damages and expenses (including attorneys' fees) of any nature whatsoever arising directly or indirectly out of or in connection with the installation of high-efficiency equipment at the premises or any material and labor required for such installation.

**Energy Benefits:** NSTAR Electric is entitled to 100% of the energy benefits associated with this rebate, excluding the value of energy cost savings to you, our customer, but including all rights to all associated Independent Systems Operator — New England, Energy, Capacity and Reserves Products, and you, our customer, agree to provide NSTAR with such further documentation as we may request to confirm NSTAR's ownership of such benefits and Products.
